SIGNALS

for Ships or Vessels in the offing.

SIGNALS respecting Ships or Vessels in the Offing, whether Men of War, or Merchantmen, are made from the top of the Fort Square of Fort St. George, on which there are three Signal Staffs. One consisting of an upright Mast, representing the East point of the Compass with a Yard flung by the middle across, the Arms of which pointing to the North and South points of the Compass.

Three Classes of Vessels are expressed by these Signals; Vessels of three Masts, of two Masts, and of one Mast.

An Ensign, or Square National Flag, represents a Ship of three Masts, a National Flag, with two points or Swallows Tail, represents a Brig or Snow, &c. of two Masts; and a broad National Pendant terminating in one point, represents a Sloop or Cutter of one Mast.

If either of these Flags are hoisted to the top of the upright Staff the Vessels seen are in the East Quarter of the Compass: if hoisted to the North or South arms of the cross yard, the Vessels seen are in the North or South Quarters of the Compass.

The number of Ships that appear in the Offing, are expressed by Pendants. A white Pendant signifies one Ship or Vessel; a red and white Pendant, two Vessels; a red Pendant, pierced with white, three Vessels; and a yellow Pendant pierced with blue, four Vessels: when the number of Vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow Pendant will be hoisted.

If the Vessels in sight are Men of War in the East Quarter, one of the numerical Pendants, will fly from the National Flag of the upright Staff; if in the North or South Quarters, the Pendants will fly at the extremity of the Yard Arm over the National Flag, hoisted on the stay of the North or South Arms of the Cross Yard.

If Merchantmen are seen in the North, South or East Quarters, the Numerical Pendant will fly under the National Flags. If the Ships are Indiamen, a blue Pendant will be displayed as usual under the Union Flag of the Fort.

If a Fleet is in sight, one Gun will be fired after the signal for the Fleet is made: and if there are two Fleets of different nations in the same point of the Compass, the signal of the first seen Fleet, will be lowered after the space of 15 minutes and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Packet is announced with a blue Flag pierced with yellow, hoisted to the extremity of the Staff or Arms, expressive of the Quarter she is in.

000045

The annexed Plate represents the Flag of all nations, that trade to Madras; in the upper corner of which is represented the Flag Staff and yard, and the manner in which the Signals are made to expreſs Ships or Vessels discovered in the North, South, and East Quarters of the compass.

The St. George's Flag hoisted on the upright Staff with a yellow Pendant pierced with blue over it, announces that four sail of British Men of War appear to the Eastward; the Dutch Flag of two points or Swallow's Tail hoisted on the Stay of the Northern Staff, and a red and white Pendant over it at the extremity of the Arm, represents two Dutch armed Brigs or Snows in the North Quarter, and a French broad Pendant hoisted to the Stay of the South Arm of the Cross Yard, with a red Pendant pierced with white flying over it at the extremity of the Arm, represents three French armed Cutters in the South Quarter of the Compass.

If the Numerical Pendants, instead of flying at the extremity of the Staff, are hoisted under the National Flags, in the manner expressed by the letter M. they will describe the same claſs of Vessels to be Merchantmen.

N. B. The blue Pendant flying under the Union Flag of the Fort, with the St. George's Colours hoiſted upon any one of the Signal Staffs, expresses an Indiaman. A Yellow Pendant flying under the Union Flag with either of the three white Flags hoiſted under any of the signal Staffs, represents a Spanish Vessel; and if a red Pendant flies in the place of the yellow Pendant, it will express a Portuguese. A blue and yellow Pendant, flying over the National Flag represents a Fleet of Men of War; and under it, a Fleet of Merchantmen.

5.—All Letters from, or to, non-Commissioned Officers or privates in His Majesty's Navy and Army, or from, or to, European Non-Commissioned Officers and privates, or from, or to Native Commissioned or non Commissioned Officers and privates, in the Honorable Company's Marine, and Military Service, shall pass free of Postage, but in order to prevent any abuse of this indulgence, no Letters from the above description of persons, shall be exempted from Postage, unless they bear on the envelope, the official Signature of their respective Commanding Officers.

With a view to prevent as much as possible any abuse of the foregoing indulgence, it is directed that the number of Letters so franked, do not exceed the proportion of one Letter daily to every two hundred Men, in quarter, and of one Letter to every hundred men, when marching or in the field and further that Letters so franked, are to be included in the Register hereafter directed to be sent monthly.

6.—That all Letters marked "On the Service" not attested as afore described, shall be liable to Postage.

7.—That when a Public Officer under Government shall have occasion to correspond with individuals, not on the Public Service, but on the more immediate business of the individuals, as in the case of transmitting Bills of Exchange, Promissory Notes, receipts, or any other

description of Government Securities, &c. &c. the Public Officer forwarding the letters, shall, in such cases superscribe on the Envelope with his Official Signature, the words "bearing Postage" when Letters having such superscription shall be received at the General Post Office, —the Post Master of the Station to which the letter goes, shall collect the amount from the party to whom it may be addressed and delivered, and when vice versa, such Letters are addressed by an individual to a Public Officer of Government, the Postage shall be received from the person delivering the letter at the Post Office.

8.—All Letters from Subordinate Officers to their respective Boards are to be addressed to the Board, and not to the Secretary, who is, however, to frank all Letters from the Board in the form before directed, and all Letters to the other Public Officers are to be addressed to the head of the office, and not to any subordinate Officer in it.

9.—That conformable to the principle of charging 1½ fanam for each single letter for every 100 miles, the following rates are to be adopted.

Letters not exceeding in weight one Rupee to be considered as single from

1 to————————1½ double.
1½ to————————2 treble.
2 to————————2½ quadruple.
2½ to————————3 or 1 oz. to be considered as a Packet, and to bear five times the original Postage, and for every additional half ounce, treble the original postage, of a single letter, to the place where such letter is addressed, is to be added, to the extent of 12 ounces, beyond which all Letters are to be sent by the Cavedy Tappal.

10.—That Postage be levied on all Ship Letters to, or from all parts of the world and charged conformable to the following table of rates, with the exception of Europe Letters

from, and to, the Governor, Judges of the Supreme Court, Members of Council, and Naval and Military Commander in Chief.

Single Letters weighing as marked in the preceding table to pay 3 fanams and beyond that, to increase at the rate of 1½ fanam for every ½ Rupee weight till the weight shall exceed 12 Rupees, when they are to be considered as Packets and subject to the payment of one Pagoda.

11.—All Ship Letters for the out Stations to be liable to the rates specified in the foregoing table, in addition to the established inland postage, and that on all Ship Letters for the out stations, upon which the Ship Postage has not been paid "Ship Postage not paid" is to be marked on the envelope, and the Ship Postage thereof, as well as the inland Postage thereon, is to be collected by the Post Master of the Station, at which the person resides, to whom the Letter is addressed. That the ship Postage on all Letters intended for exportation, is to be collected from the parties at the foregoing rates by the Post Master of the office into which the Letter is first put, along with the inland Postage they may bear to the General Post Office.

12.—That, as an encouragement to persons having Ship Letters to bring them to the Post Office, a reward of one fanam shall be paid to the person so bringing them on delivery thereof.

13—That all News Papers pay postage; that those (with the exception of the Government Gazette) within the weight of one ounce, be considered as single Letters and pay accordingly, and that all beyond that weight pay pro-râto according to their weight—That the Government Gazette, shall be, for the present, charged only with half Postage.

14.--That the Master Attendant shall immediately report to the General Post Office, the arrival of all vessels from

Europe, and particularly attend to the early landing of their Letter Packets, which are to be sent to the General Post Office and there opened, the Secretary to Government, or some one deputed by him, attending to receive the public despatches, and when the Letters for the Governor, Commander in Chief, and Members of Council shall have been selected, the remainder shall be registered previous to their being delivered to the public.

15.—That the Boxes of Letters for Europe be finally closed at the Post Office, and, when closed, forwarded to the Office of the Secretary to Government in the Public Department.

16.—That the Master Attendant shall give early intimation to the General Post Office of the intended departure of all vessels for any of the Eastern British Possessions, Cape of Good Hope, or elsewhere, with which there is no inland communication, and deliver to the Commanders of such vessels on their departure, any Letter Packets that may be sent to his Office from the General Post Office, and obtain a receipt for the same, which receipt is to be lodged in the Post Office.

17.—That hereafter the hours for the despatch of the Tappal shall be six in the evening, and the hours for the General Post Office to be open to the public, shall be as follows:

From 10 A. M. to 1 P. M. for both the receipt and delivery of Letters and from 3 to 5 P. M. for the receipt of Letters only.

18.—That no Letters or Parcels containing money, jewels, or any article of value, shall be permitted to be sent by Tappal.

19.—That no detention whatever of the mails must be suffered at any of the inland Stations; that when the Public Service requires it, an Express may be despatched,

but at the risk of the person causing it to be despatched for any improper abuse of this privilege.

In order to ascertain correctly that the preceding Regulation has been acted upon to its full extent, a table will be prepared at the General Post Office shewing the distance and probable time of arrival at each Station, with which the returns to be made by the person in charge at each Station will be compared, and the Collector be held responsible for any delay which may occur.

20.—All public Officers, both Civil and Military, shall send to the Offices of the Paymaster, or other public Officer from whom he shall receive his pay, a list of the Public Letters despatched by him during the month preceding, with the following attestation upon honor at the foot of the same.

"I do hereby certify upon my Honor that the above is a correct List of all the public Letters despatched under my Signature during the month of and that they were solely and entirely on the public Service."

21.—That no abstract of pay be discharged except it be accompanied by a list to the above effect, and if it be paid without attention to this point, that circumstance alone to be considered as a sufficient cause of retrenchment.

22.—The lists given in by the Officers in the Civil Department to be forwarded to the Office of the Civil Auditor, with the monthly accounts of the person paying the abstracts, and those in the Military Department, to the Office of the Military Auditor General.

23.—That the lists so forwarded do remain in deposit in the Office to which they are sent for the purpose of comparing, if required, with the list which will be ordered to be forwarded direct from the persons in charge of the Subordinate Post Office to the Post Master General.

24.—With the view of obviating the possibility of misconception with regard to the Letters intended to be ex-

empted from Postage, it is to be unequivocally understood, that with the exception of Letters from the Honorable the Governor, Commander in Chief, a Member of Council, His Majesty's Naval Commander in Chief, the Judges of the Supreme Court, or such as are franked by the Chief Secretary to Government, all Letters and Papers that are not exclusively on the business of the *Public Service*, and that have not been previously entered as an *Official Record*, are to be subject to Postage, and should it come to the knowledge of the Governor in Council, that any of the Officers, Civil or Military, now authorized to address Letters on the Service, make an improper use of the trust so reposed in them, by conveying Letters on their own private concerns under a cover superscribed "On the Service," the Governor in Council will consider it to be a disqualification for office.

25.—Should the name of any Public Officer, obliged from his situation to carry on a public correspondence, be omitted in the list, he will address a letter to Government stating the nature of his public correspondence, when if it is deemed of sufficient importance, his name will be added to the list, or some public Officer already included in the list be directed to superscribe his letters on the Service.

26.—Any Officer on duty or leave of absence at the Presidency, having occasion to correspond on public Service, will carry his letter to the Adjutant General, who upon being satisfied that the letter is exclusively upon the public Service, will frank the same.

27.—All Officers similarly situated at the Subordinates will apply to the Commanding Officers of the Stations where they may be.

28.—With a view of preventing the suppression of private Letters, and the misappropriation of their Postage, it is directed that in future all receipts granted at the Post

Office, for Letters delivered in, either at the Presidency or Subordinates, shall be upon stamped paper, specifying the rate of single postage, date of letter delivered, place of destination, & size of letter, i.e. whether single, double, or more.

Distinct stamps shall be issued for each description of Letters which shall have engraved on them the word single, double, treble, quadruple, or packet, and the same shall be repeated in each of the Native Languages.

With this facility of discovery, every individual, both European, and Native, whose Letter does not reach its destination will be enabled to obtain redress upon application to the Post Master General.

The Governor in Council deems it proper to repeat that any deviation from the preceding Rules will not fail to subject the offending person to the severest public displeasure.
